An insight from industry professionals and an opportunity to develop the School Magazine.
- **Session 5: Creating a School Magazine: Research, Design, & Production**
Begin the layout and design process for the School Magazine using professional tools and standards.
- **Session 6: Magazine Development for Creative Careers**
Students complete their final touches on their School Magazine.

Who would this Pathway be suitable for?

This pathway would be of interest to students who are passionate about exploring careers in the creative industry and eager to gain hands-on experience in their areas of interest. It appeals to those who are enthusiastic about subjects such as Acting, Art, Dance, Digital Media Production, Drama, Film Studies, Music, Photography and more. Students who are looking to develop skills that are highly applicable in the modern world of work whether it's acting, sound design, fashion, digital marketing, or other creative fields would greatly benefit from this program. It is particularly ideal for those who want to tailor their educational experience towards their career goals, while also taking advantage of enrichment opportunities like Adobe certification, giving them an edge in a competitive market.

What are the benefits of the Creative Pathway?

- **Bespoke learning sessions:** Tailored to meet individual career aspirations, ensuring students get personalised support.
- **Varied learning formats:** Engaging workshops, presentations, application support, and networking opportunities.
- **Career preparation:** Invaluable experience through work placements, industry insights, and guidance from experts.
- **Development of practical and soft skills:** Through projects like the Careers Magazine, students refine research, communication, and technical skills in alignment with industry standards.

Careers, Information Advice and Guidance (CEIAG)

The pathway includes personalised opportunities through the 'My Path' program, which offers:

- 1:1 Sessions focused on personal statements, university applications, and mock interviews.
- Assistance with arranging Work Experience to enhance practical skills.

What are the expectations of you?

To successfully complete this pathway, participants are expected to:

- **Attend Half-Termly P3 Pathways Sessions:** Engage in these sessions as part of your personal development provision, which are designed to enhance your skills and knowledge.
- **Participate in After-School or Enrichment Sessions:** Attend selected sessions tailored to your interests, providing opportunities for further exploration and skill development in your chosen field. This includes University Visits, Monthly Seminar, Designated Pathway careers day.
- **Complete a School Magazine:** Develop and submit a comprehensive School Magazine focused on a sector of your choice, demonstrating your research and understanding of the industry.
